# THE ORIGINAL WOOD PELLET GRILL

## **TRAEGER INVENTED THE ORIGINAL WOOD-FIRED GRILL**

30 years ago in Mt. Angel, Oregon. We continue to lead the industry as the world's #1 selling wood-fired grill, perfected by decades of mastering the craft of wood-fired cooking. A Traeger grill will transform the way you cook because it creates consistent results, every single time. Fuel your hunger for wood-fired flavor with Traeger.

A large, white, wooden barn with a gabled roof. The word "TRAEGER" is written in large, black, block letters across the front facade. The barn has several windows and a door. The background shows trees and a cloudy sky. The overall tone is black and white, with some color in the text.
